Jan – April 2021

U10 - U12

Overview

Having planned and implemented various cricket programs over the last decade I am excited to announce the structuring of a specialist high quality course for high standard u10/u12 cricketers running over the autumn period, with some notable enhancements. The 10 week program will be extended in the length of each session which will run for 2 hours 45 minutes with a maximum of 15-20 boys to allow a concentrated focus (1:3 coach ratio). I have also pulled together an excellent team of coaches including Jacob Paul who is a level 3 qualified personal trainer and GB international track athlete who was a part of team England at the Commonwealth Games in 2018 is a specialist in sprinting technique, fitness coaching, general body conditioning and sport-specific movements will focus on improving players specific needs within a cricket environment. The young cricketers on the program will need to be committed with a great attitude and desire to learning. Prospective players will be assessed prior to confirmation of a place on the program.

Come and join us and get ahead of the game!

Matt Homes – Director of Cricket
